

DATA STUDY GROUP VIDEOCONFERENCE

EGLE PROJECT

2014, JUNE 11th

REPORT

The meeting was held at the EEEI's office from 17:30 to 19:00, were physically present Mr. Nuée and Mr. Heslout, attended by videoconference M. Jacquemin, Mr. Cuniberti, Mrs. Marcotulli (assisted by a young man who speaks English).

- Collect texts coming from different European countries from Eurexpertise project.
➔ The texts of bases + Eurexpertise the final report of the project.
- Give the text analysis group European Standard (CEN 405)
➔ The European Commission does not apply to the judiciary, but the DSG can investigate the matter.
- The DSG can develop a project for the European Parliament? (During or after the conference?).
The work of the expert would easily know two standards for cross-border conflicts (European standard and the national standard).
- The DSG should strive to complete the texts and documents needed to establish a full reflection.
- The Organizing Committee begins work and outputs necessary to acquire a certain autonomy at the DSG.
- A member of the DSG can be group leader for the merits of the project and its progress.
- It is a collective but individual compilation of documents to reflect on the three objectives work.
➔ Confirm databank implemented by Maya.
- July 9, will be given documents, guidelines and methodology in working groups; DSG should provide food for thought following syntheses carried.
- Give the DSG: the list of three goals / four questionnaires / the list of members of the DSG and contacts.
- Next COMEX scheduled, July 8, 2014 (early evening) in Brussels.
- Need to make clear the connection procedure conferences (malfunction: audio + video process is complex).

Report written by Philippe Jacquemin.
12th June, 2014.
