

Foundation: 13 March 2013. Registration statutes: 19 April 2013

Represents and defends the interests of independent Medical Specialists in Insurance Medicine and Judicial Expertise, mainly active as advisory physicians for insurance companies and Courts.

Benevermedex maintains relations with its sister association in the south of the country: Abefradoc, is a member of AEDME (Association Européenne des Médecins Experts) and maintains contacts with Assuralia (including the Advisory Physicians-Insurers Committee, which led to a joint ethical charter in 2015), Fedris, the WVV, AMEJ, the Order of Physicians, Justice, insurance medicine training (KUL, UA and UG), and the National College of Judicial Experts of Belgium (CNEJ - NCGD).

Defence of professional interests:

- Annual General Assembly Meeting
- Consultation meetings with representatives of local associations of medical advisors and medical experts
- Obtaining legal advice
- Consultation with sister organizations (including NCGD, Abefradoc, AMEJ, WVV,...)
- Representation at the committees of Assuralia, Justice, Fedris and social insurance medicine

Continuing education & Scientific training

- Local associations organize four scientific training courses every year
- The board organized 3 consensus meetings in 2016
- Benevermedex Foundation
- Annual symposium
- Contacts are established with university training services and other associations such as CNEJ - NCGD, WVV, AMEJ and Abefradoc
- Participation in committees for social insurance medicine
- Publications on the website
